

Feed Prices for 1959-60 Feeders' Day Report

(Note: Feed prices given below are those for the trials conducted during the fall and winter of 1959-60. These feed prices are based on late summer and early fall delivery. For work conducted in the summer of 1959, and reported herein, feed prices are the same as given in the 1959 Feeder's Day Report (Misc. Pub. MP-55). Where two or more years of work are summarized, the feed prices used may be found in the annual reports 1957-58, MP-51 and 1958-59, MP-55).
