DASNR Faculty Council met at 2:00 p.m. in 410 Ag Hall to discuss what actions, if any, Council may take in regard to the division re-organization. A position statement from the faculty of Entomology and Plant Pathology was presented to council (Appendix A). Council felt more information is required from the Deans' office about the expected accomplishments, purpose, and goals of the DASNR reorganization. A resolution was unanimously passed stating "We recommend that no formal or informal proposal concerning Divisional reorganization be made to the Board of Regents until there has been adequate discussion with faculty who will be impacted by their (the Deans') recommendation.". To acquire more information, council submitted several questions (Appendix B) to the Deans' office on October 15, 2003 and asked that written responses to the questions be returned to the council prior to our next meeting. On October 15, 2003, the Council requested a meeting with the Deans and Associate Deans to discuss issues related to the reorganization proposal.

The meeting was adjourned at 4:05 p.m.
